QMERIT MAKES LEVEL 2 CHARGING INSTALLATION SIMPLE AND CONVENIENT

INSTALLATION MADE EASY

**A LEVEL 2 (240V) POWER SUPPLY OFFERS UP TO 4X
FASTER CHARGING WITH THE RANGER XP KINETIC**

Polaris partnered with Qmerit to make home installation of a Level 2 charging station easier than ever. For most installations, all you need to do is give some information about your home layout and electrical panel. The free estimate will take only 5-10 minutes and you can decide whether to move forward at your convenience.

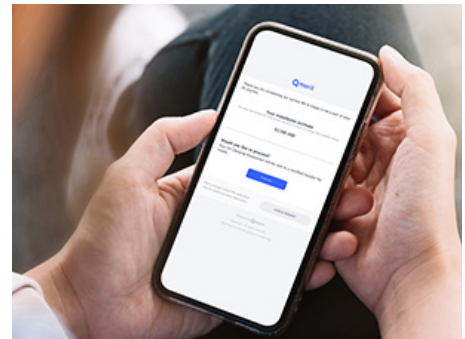

3 STEPS TO GET YOUR ESTIMATE

1) Click over to Qmerit's installation portal.

2) Answer a few questions about your home layout and electrical panel, and provide photos.

3) View pricing and options instantly.

It takes only 5-10 minutes, and you can decide whether to move forward at your convenience.

Visit **qmerit.com** to learn more, or visit **polaris.com/qmeritcharging** to get started on your free estimate.

Please note: you should complete the form at home to ensure easy access to the information you'll need. The more details you provide, the more accurate your estimate.
