Vermillion, SD 57069
- Refunds will be issued back to the original method of payment.

Packaging Your Return

Make sure you get a full refund by returning your item(s) with the original packaging and in unused condition.

- Returned products must be enclosed in their original packaging with the original packing slip and RMA number. This includes all boxes, plastic containers, plastic bags, and equivalent protective packaging, and all tags, information booklets, instructions, stickers, etc.

- Do not use the product's original packaging as a shipping container (for example, helmets, winches, etc.). To avoid damage and ensure you're refunded, it's recommended that you pack items in the original packaging and then place them inside of a larger, separate shipping container.
- Original packaging that has been torn open or damaged are considered no longer in new condition and cannot be accepted.

Shipping Your Return

Following the recommendations below will ensure your returns and exchanges are processed quickly.

- Customer is responsible for all return shipping charges unless authorized by Polaris.
- Use a carrier that incorporates tracking and insurance services.
- All shipments must be prepaid. We do not accept C.O.D. or any variation of similar processes. Packages shipped C.O.D. will be rejected upon delivery attempt and returned to the customer.
